

VISION WITH IMPACT

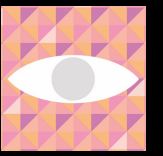

Edition 01

Setting the theme for a whole new
Innovation collective.

POI otherwise know as Point of Innovation. This has been the center of my career. What's your POI?

Follow MediaSlam, a club on Clubhouse, an audiocast, and educational format on the intersection of content, design and technology. Led by creative entrepreneur Curt Doty, aka The Dodester, but will be joined by various experts as co-leaders and contributors.

The name **MediaSlam** came from my first consultancy birthed out of the dot com bubble blast. I have revived the name now in the 20 years since, as my worlds across various industries have converged, or slammed.

Follow Me as I take on the ever-changing landscape.
